Working part-time during the school year can be a great way to build your resume, earn extra money, and expand your professional network.

See a Career Advancement Adviser
Career Advancement can help you at each stage of the process when you are seeking term-time employment. Career Advancement can help you identify your priorities, find interesting jobs, craft impressive application materials, and prepare for a successful interview.

Some Tips for Beginning Your Search
• Consider your skills and interests when looking for term-time employment opportunities.
• Evaluate how much time you can commit to a job before deciding where to apply. Remember, academics should come first.
• Your access to transportation will likely impact your options. Figure out how long it will take you to get to and from a potential employer.
• Visit places that you would like to work. While there are great online resources listed below, it is almost always preferable to talk to potential employers in person.
• Keep an open mind when looking for part-time work. As you work, think about the skills that you are developing and how you can best showcase them to future employers.
